

Curriculum Vitae
Shazia Ahmed
Biology Department

Education:

Ph.D., Molecular Biology
Texas Woman's University, 2001

M.S., Genetics
University of Karachi, 1992

B.S., Biology
University of Karachi, 1990

Academic Employment:

- 2005- Present **Laboratory Instructor:** Texas Woman's University.
Prepare, set-up and supervise Graduate teaching assistants in teaching biology labs.
- 2004-2005 **Laboratory Coordinator:** Texas Woman's University.
Prepare, set-up and supervise biology labs. Duties include demonstration of individual lab exercises to graduate teaching assistants, teaching/supervising laboratory sections, ordering supplies, editing and writing lab exercises, grading, maintaining course records, evaluating lab personals, and interacting with course instructors to improve coordination of laboratory and lecture material.
- 2003-2004 **Associate Faculty:** Collin County Community College.
Taught introductory biology labs and lecture with emphasis on retaining enrolled students without compromising academic vigor.
- 2002 – 2003 **Adjunct Assistant Professor:** Texas Woman's University.
Taught general biology laboratory and cell/molecular biology laboratories. Maintained office hours for student consultation and collaborated with associate faculty to improve course content and instructional material.
- Teaching:** Biol 5111. Teaching Biology labs, a graduate course designed for new graduate teaching assistants.
- Research:** Not applicable.

Professional Service: Developed a laboratory manual for Biol 1111 (principles of Biology lab) to fit the needs of TWU students with the consideration of the equipment available at TWU.
