2010-2012

Transfer Handbook

A Partnership between

Texas Woman's University
and **Collin County Community College**

TWU Bound: Concurrent Admission

Collin County Community College students who meet Texas Woman's University admission requirements or complete the Associate of Arts or Associate of Science degree will receive automatic admission to Texas Woman's University. A student may apply for concurrent admission status at the time of first enrollment at any Collin institution, or at any time thereafter when enrolled at Collin, by completing a TWU BOUND Program Application. The student's formal application to TWU will be activated when the student has completed the transfer Apply Texas Application for Admission (www.applytexas.org) within 12 months of anticipated

enrollment at TWU and when the university determines that the student meets the TWU transfer admission requirements.

Your Benefits

TWU BOUND students will receive the following student benefits at TWU with a TWU BOUND student identification card:

- ▶ Access to TWU library
- ▶ Ten complimentary visits to the TWU Wellness Center, including use of fitness room, swimming pool, racquet ball courts, indoor walking/jogging track, and standard aerobics classes
- ▶ Student discount rate at the TWU

golf course

- ▶ Complimentary admission to all TWU Home Pioneer Athletic events, including softball, volleyball, basketball, gymnastics, and soccer
- ▶ Student or reduced guest room rate at TWU residence halls
- ▶ Free use of Cyber-Lounge and computer lab in the Student Center
- ▶ Free transportation on the Denton Link
- ▶ Discounted student ticket rates to TWU performing art productions, area theme parks, activities, etc.
- ▶ Student Center affiliate rate for private room rentals

Visit the TWU Denton Campus

YOUR VISIT

TWU has several ways you can visit.

- Weekday Campus Visits: Tour the Denton campus and meet with an admissions counselor.
- Monthly Saturday Campus Visits include a campus tour and an admissions presentation.
- Open House Events

COME SEE FOR YOURSELF WHY

Your SUCCESS Starts at TWU AND YOU MIGHT WIN A \$1,000 AWARD

There are scheduled Open Houses on the Denton campus so you can see for yourself how TWU will prepare you for the challenges and opportunities you'll meet on the **road to success**.

If you attend, you might **win \$1,000** that can be applied to your tuition and fees at TWU.*

**Students must be eligible for admission to TWU to claim \$1,000 award. Award must be applied to tuition and fees for the upcoming fall semester at TWU. Denton campus open houses only.*

Open Houses include a **campus tour** and an **information fair** featuring admissions, academic programs, financial aid, student organizations and student services. **Students and faculty** also will be on hand to answer your questions.

3 ways to register now for an open house

- ▶ Register online at www.twu.edu/admissions/open-house-denton.asp
- ▶ Call 1-866-809-6130 or 940-898-3014
- ▶ E-mail campusvisit@twu.edu

Transfer Admission Requirements

Priority Application Deadlines*

Fall Semester - July 1
Spring Semester - November 1
Summer Semester - May 1

The following deadlines apply for specific programs. See the catalog for additional information.

FALL

February 1 Nursing
(upper-division application only)
January 10 Dental Hygiene

SPRING

September 1 Nursing
(upper-division application only)

*Applications may be submitted later, but late submissions could affect availability of Financial Aid.

Automatic Transfer Admission

Transfer to TWU with an associate of arts or associate of science degree from an accredited community college in Texas and you're automatically admitted. Automatic admission does not apply to students with associate degrees in applied sciences or guarantee admission to TWU degree programs with special admissions requirements or enrollment limits.

General Transfer Admission

Applicants who have attempted 12 or more semester credit hours but have not received the baccalaureate degree are considered to be transfer students. To meet transfer admission requirements you must:

- ▶ have attended a regionally accredited college or university;
- ▶ have a cumulative GPA of at least 2.0 on a 4.0 scale on all college work attempted;*
- ▶ be in good standing at your previous institution.

Students may transfer up to 84 semester hours from junior or community colleges. All such credit is accepted as lower-level credit. There is no maximum number of semester hours transferred from four-year institutions.

* Note that several departments have higher grade point requirements that students must satisfy before they are permitted to advance in their major.

College, School or Program Admission

For admission to a college or school within the university, and for entrance to a particular major, the student must satisfy all of the following and be accepted by the college or school:

- ▶ requirements of the university;
- ▶ requirements of the particular college or school;
- ▶ requirements of the major or program.

Contact the specific college or school for additional information.

Transfer Admission Checklist

- ▶ Submit the Apply Texas Application for undergraduate transfer admission and the \$50 nonrefundable application fee (online at www.applytexas.org). (\$75 for international students)
- ▶ Submit official transcripts from each accredited college or university you have attended.
- ▶ Send Application materials to:
TWU Student Records
P.O. Box 425649
Denton, TX 76204

Alternative Admission Plans

Academic Fresh Start

Academic Fresh Start is a state-directed academic forgiveness program. Course work must have been attempted at least 10 years prior to the starting date of the semester in which the applicant seeks to enroll. An applicant will not receive any credit for courses taken 10 or more years prior to their enrollment. Request for consideration for Academic Fresh Start should be made in writing to the Director of Admissions, at the time of admissions application.

The RESTART Program at TWU

The academic forgiveness program, RESTART, seeks to accommodate students who are returning to school with a less than adequate academic record.

Students may apply for the RESTART program only if their grade point average is less than 2.0 and they were not enrolled in any college or university during the previous seven-year period. The petition for RESTART must be submitted with the application for admission.

Under the RESTART program, previous academic course work will not count toward any degree requirements. The student's transcript will reflect all previous academic course work and the grades received but will be excluded from the student's initial and subsequent TWU grade point average. A student's participation in the RESTART program will be noted on the transcript. RESTART students are not considered for honors designations upon graduation.

The standards expected for continuous enrollment and the penalties for substandard performance will be the same as for all regularly admitted students.

Texas Success Initiative

To ensure students' academic success, TWU and all Texas higher education institutions must assess students' readiness for college-level work. Students who graduate with an associate's degree are not required to take further entry-level general placement testing. Students who have not completed an associate's degree may be required to take placement and readiness examinations such as THEA (formerly TASP) unless they are exempt. For a list of exemptions, see the website of TWU Academic Advising at www.twu.edu/aac/.

Admission to specific programs such as nursing, teacher education and others may require program-specific testing. Anyone seeking admittance to an approved teacher preparation program must be assessed for college level skills in reading, oral and written communication and mathematics; therefore, these students are often required to take THEA or similar tests. For details on program-specific placement testing, contact the department offering the program.

Non-Academic Credit Transfer

Courses taken in pursuit of an applied degree (AAS), a certification or a professional program will not automatically transfer to TWU for general academic credit, unless there are established course equivalencies or articulation agreements. TWU degree programs that offer a Bachelor of Applied Science (BAS) designate the number of applied credits acceptable for those degrees.

Frequently Asked Questions

Do men attend TWU?

Yes, men make up about 8 to 10 percent of our student population.

Is TWU a private institution?

No. We are a public institution, making our tuition and fees significantly lower than those of private universities.

How many credits are needed to get a degree from TWU?

Degrees require a minimum of 120 credit hours.

How much does it cost to attend?

See chart below for total estimated expenses.

Does TWU offer online or distance learning classes?

Yes. Offerings vary by departments. For more information, visit www.twu.edu/de.

Can I get a degree by attending night, evening and weekend classes?

Yes, depending on the major. For more information, call the TWU Office of Lifelong Learning at 940-898-3408, or visit www.twu.edu/lifelong

How many of my credits will transfer to TWU?

Up to 84 hours will transfer from a community college. There is no limit on credits from a 4-year institution.

What type of scholarships does TWU offer?

See below for details regarding scholarships. The scholarship deadline for fall is March 1.

What are the priority application deadlines?

Fall — July 1; Spring — Nov. 1

Can I apply online?

Yes. Go to www.ApplyTexas.org.

Can I register online?

Yes. Accepted Students can go to www.twu.edu and click on the "Pioneer Portal" icon.

Are transfer students required to attend orientation?

Those who have fewer than 13 hours are required to attend orientation.

What is considered part-time?

Fewer than 12 hours per semester.

How long does it take to process my application?

Please allow 2-4 weeks to process after all required documents are submitted. International student applications may require additional time to process.

How much is the application fee?

The non-refundable application fee is \$50. The fee is \$75 for international applicants.

Financial Aid and Scholarships

TWU Scholarship Information

Deadline: March 1

TWU awards more than \$1.4 million in new student scholarships annually. Although many are awarded on academic merit, some are awarded to students who have exceptional financial circumstances and/or demonstrate achievement in other areas. Also, most of these scholarships are renewable each year based upon grade point average.

Applications are online at www.twu.edu/finaid.

Transfer Student Scholarships

Transfer Student awards range from \$500-\$2,300 per year. Students transferring to TWU from accredited junior colleges or four-year institutions with more than 15 credit hours may apply for this scholarship. This scholarship is awarded on a combination of cumulative grade point average and number of hours transferred to TWU and can be renewed with cumulative 3.0 GPA.

Phi Theta Kappa scholarships are \$2,300 a year. Applicants must be active members of Phi Theta Kappa. Proof of PTK membership must be provided.

Students with a bachelor's degree are not eligible. Awards are for full-time students only. This scholarship can be renewed with a cumulative 3.0 grade point average and proven participation in the PTK chapter.

General Scholarships

TWU General Academic Scholarship:

Awards are \$500-\$1,800 per year. This scholarship is available to new students, continuing students, undergraduates and graduate students. Students must reapply for this scholarship each year. This scholarship is awarded strictly on the basis of cumulative grade point average.

Departmental Scholarships: Each department at TWU has scholarship funds available to award. Students should contact the chairperson of the department in which they will be majoring for more information.

Mary Bryan and Tom C. Reitch

Scholarship: Awards are \$1,200 per year. This scholarship is available to entering students and TWU students who have completed at least 24 credit hours. Applicants must complete the "Reitch Supplemental Questions" on the TWU Scholarship Application.

Students who are awarded scholarships will receive a personalized scholarship offer letter from the TWU Financial Aid Office. Students must return

What Will It Cost to Attend TWU?

2010-2011 Full-Time Undergraduate Student Budget

Based on 15 credit hours per semester	On Campus	At Home
Tuition	\$ 5,040	\$ 5,040
Fees	\$ 1,920	\$ 1,920
Books, supplies	\$ 1,020	\$ 1,020
Room, board	\$ 6,550	\$ 2,264
Personal expenses	\$ 1,964	\$ 1,126
Transportation	\$ 834	\$ 1,176
TOTAL for 2 semesters	\$ 17,328	\$ 12,546

Note: Add \$9,300 for out-of-state tuition.

All figures are estimates. At home estimates are based on expenses reported by students. All costs are subject to change.

the letter by the deadline to avoid having the scholarship canceled. Students who are not awarded scholarships also will be notified.

Out-of-state waivers: Out-of-state students who are awarded \$1,000 or more in TWU academic scholarship funds may qualify to pay tuition at the Texas resident rate. Eligible students will be notified if they qualify for an out-of-state tuition waiver.

Financial Aid

Eligibility: To be considered for financial aid, students must meet the following criteria:

- ▶ Be a United States citizen or permanent resident for most awards.
- ▶ Be accepted by TWU into a degree or certification program. Students admitted with non-degree status are not eligible for grants, loans or federal work-study programs.
- ▶ Most financial aid programs require students to take a minimum of six credit hours at TWU.
- ▶ If you are a male, be registered with Selective Service or be exempt.
- ▶ Not be in default on an educational loan or owe a refund for an educational grant.

Texas Grants

A Texas Grant could help pay for your bachelor's degree, if you receive an associate's degree from an eligible community college and

enroll at TWU within 12 months after graduation. Students enrolled under SB1528 are eligible to apply. See www.collegefortexans.com for details.

Tuition Rebates

Students who wish to participate in the \$1,000 tuition rebate plan must:

- ▶ attempt no more than three hours in excess of the minimum number of semester credit hours required to complete their degree. The minimum total includes transfer credit and credit earned by examination, and
- ▶ complete their undergraduate study within the three-attempted-hour limit.

Students accept responsibility for monitoring their own progress toward degrees and for making choices that will allow them to graduate within the limit. Specific information and the required agreement form are available from the Registrar's Office.

Financial Aid Process for Transfer Students

Priority Aid Deadlines:

Summer	March 1
Fall/Spring	April 1
Spring only	September 1

Applications submitted after the deadlines will be processed, but may result in the late receipt of funds.

Students entering in spring term: If you have completed the Free Application for Federal Student Aid (FAFSA) for the current school year:

1. Contact the federal student aid processor at 1-800-4FED-AID to request that results be sent to TWU (school code 003646) if you have not already done so.
2. Complete the TWU Financial Aid Certification and Information Form available at www.twu.edu/finaid/forms.asp
3. Complete Entrance Loan Counseling/Debt Management if you are applying for federal student loans by going to www.twu.edu/finaid/ and selecting "Student Loans"

If you have not completed the Free Application for Federal Student Aid (FAFSA) for the current school year:

1. Complete the FAFSA for the appropriate year and indicate TWU's school code: 003646. Available at www.fafsa.ed.gov
2. Complete the TWU Financial Aid Certification and Information Form. Available online at www.twu.edu/finaid/forms.asp
3. Complete Entrance Loan Counseling/Debt Management if you are applying for federal student loans by going to www.twu.edu/finaid/ and selecting "Student Loans"

Contact the TWU Financial Aid Office if you have questions or need assistance:

Internet: www.twu.edu/finaid/

Email: finaid@twu.edu

(940) 898-3064

P.O. Box 425408, Denton, TX 76204

Admissions/Registration Building
Second Floor

student's major field is also approved for core credit, the student may elect to take the course either for core credit or for credit toward the major, provided the department of the student's major approves.

Academic Minor

The academic minor is not a university-wide requirement. When a minor is required, the major and minor subjects must be in separate departments except in the Departments of Visual Arts; Biology; Communication Sciences and Disorders; History and Government; English, Speech, and Foreign Languages; Mathematics and Computer Science; School of Management; and Sociology and Social Work. When a minor is chosen in one of the departments listed above, it must be in a different field from the major subject. MINOR (if applicable):

Academic Information

Academic Advising

Transfer students with over 12 hours will, in most instances, meet with a faculty adviser in their major program prior to registering each semester. Transfer students who are seeking a pre-professional program but do not meet the criteria for the program are advised by the department of their major. Students work with an advisor to develop a schedule of courses needed to complete degree requirements.

Transfer students who have completed the TSI requirements are eligible to take upper division courses. If all parts of the requirements have not been completed, students must work through the advisor to complete requirements. All students in teacher certification programs must take a TSI test, unless exempt.

Academic Major

All bachelor's degrees require a minimum of 120 semester credit hours. An academic major consists of 30 or more hours, one-half of which must be at the 3000 or 4000 level. Students must take 25% of all hours required for the degree at TWU. Half of major and half of minor must be taken at TWU. A "C" average must be maintained in major courses.

A course taken for core credit in the department of the student's major cannot be counted in the hours applied to the major. In addition, departments may specify which core courses may be taken by their majors and may specify that a course taken for core credit is a prerequisite for a course that gives credit in the major. If a course in a

- ▶ Number of hours set by degree plan
- ▶ Minimum of 6 advanced semester hours
- ▶ Minimum of 3 advanced semester hours taken at TWU

Advanced Hours Requirement

A minimum of 36 advanced hours is required for any baccalaureate degree.

An advanced course for a baccalaureate degree is one that is numbered 3000 or 4000. Some majors require 12 hours of a foreign language for the Bachelor of Arts degree. That requirement may be met as follows: 12 hours (excluding lab hours) of the same foreign language, six hours of which must be in the second year; or three hours of American Sign Language and nine hours of a foreign language (excluding lab hours), six hours of which must be in the second year and in the same foreign language.

Distance Education

TWU offers more than 200 distance learning courses. A distance learning course is one in which 50 percent of the instruction is delivered via satellite, compressed video, Internet, or other electronic means. All distance learning courses/ programs are subject to the same academic standards as those offered on campus. Visit the TWU web for more information: www.twu.edu/de/.

Core Curriculum Transfer Policy

Following the program plans in this Transfer Handbook assures that students who complete the state's core curriculum at Collin, and whose transcripts are labeled "Core Complete," will not need to take any additional core curriculum courses at TWU.

The state requires a minimum of 42 hours for the core curriculum. However, some plans associated with the applied sciences degrees do not include completion of the Collin core curriculum. Students who do not bring a completed core curriculum to

TWU receive credit for core courses taken at Collin and are required to complete remaining courses in the TWU Core Curriculum.

Field of Study Curricula developed by the state describe the lower level course requirements in some disciplines; TWU observes the state requirements in these

programs. Some plans in this handbook may be changed as the Field of Study curricula take effect.

Global Perspectives Requirement

All students must complete six hours of Global Perspective approved courses for graduation and degree completion.

	Health/Wellness.: 1-3 hours PHED/DANC Activity Course or PHED 1253, 1338, or 2255

*Core courses approved for Collin are accepted for the area in which they are approved.

**** If your transcript from the transferring institution already notes that you are Core Curriculum Complete, then you have met TWU's core and will not be required to take additional core courses at TWU upon starting.**

If not core complete at Collin, four courses will be required (at least) for TWU's degree completion: Multicultural Women's Studies, Computer Literacy (or exam), Oral Communications and MATH 1013.

This guide should not be construed as a contract, expressed or implied, between Texas Woman's University and any student, applicant or faculty member.

For additional information about TWU core curriculum, including approved core courses, please visit:
<http://www.twu.edu/academic-affairs/core-curriculum.asp>

Associate of Arts to Bachelor of Business Administration (General)

This curriculum is designed for students who plan to complete an Associate of Arts at Collin College then transfer to Texas Woman's University to complete a Bachelor of Business Administration. This plan includes completion of the core curriculum at Collin College and includes courses (*italicized below*) in the Business Field of Study Curriculum (Texas Higher Education Coordinating Board).

All students must complete six credit hours in approved Global Perspectives (GP) courses, either in the core, major/minor courses or electives (TWU graduation requirement). A current list of Collin College equivalencies may be found at <http://www.twu.edu/admissions/transfer-list.asp>.

Associate of Arts to Bachelor of Arts in Dance

This curriculum is designed for students who plan to complete an Associate of Arts at Collin College and then transfer to Texas Woman's University to complete a Bachelor of Arts in Dance. This plan includes completion of the Collin College core curriculum.

NOTE: Students are auditioned to determine placement in ballet and modern dance technique courses and progress through graded levels; each level representing one year of study. To ensure safe and sound preparation, a student progresses to the next level upon recommendation of the Technique Committee. Except where indicated in the teacher certification program, each dance major must register for at least one dance technique course each semester. A grade of C or better is necessary before enrolling in a succeeding course in the choreography sequence. A grade of C or better must be earned in all courses required for the dance major. In each of the areas of Technique, Choreography, and Performance, fifty-percent of the hours must be taken at TWU.

The goal of the program is to prepare students for dance careers in a variety of artistic and educational settings. Detailed degree plans are available from the Department of Dance Office of TWU.

All students must complete six credit hours in approved Global Perspectives (GP) courses, either in the core, major/minor courses or electives (TWU graduation requirement). A current list of Collin College equivalencies may be found at <http://www.twu.edu/admissions/transfer-list.asp>.

Associate of Arts to Bachelor of General Studies

The Bachelor of General Studies is designed for students who have completed the equivalent of their first two years of college at a community college and who want to earn their bachelor's degree at Texas Woman's University.

The Bachelor in General Studies degree offers courses online, on evenings and weekends, as well as regular daytime meetings. Students in the General Studies program choose either two or three concentration areas, which are:

- Business
- Criminal Justice
- Dance
- English
- Art
- History
- Government
- Mathematics
- Computer Science
- Sociology
- Women's Studies

Students transferring from Collin College should complete the core curriculum courses at Collin College.

After completing their core at Collin College, students may transfer to TWU to complete their Bachelor of General Studies. Students may select two concentration areas at 18 upper level hours each or three concentration areas at 12 upper level hours each.

OPTION 1

Concentration 1 12 hours
 Concentration 2 12 hours
 Concentration 3 12 hours
 *Electives/GP**

OPTION 2

Concentration 1 18 hours
 Concentration 2 18 hours
 *Electives/GP**

*Students may take elective hours to reach minimum degree requirement of 120 hours beyond the concentration hours earned. For more information regarding the Bachelor of General Studies, visit the General Studies website or see the TWU General Catalog.

**All students must complete six credit hours in approved Global Perspectives (GP) courses, either in the core, major/minor courses or electives (TWU graduation requirement). A current list of Collin College equivalencies may be found at <http://www.twu.edu/admissions/transfer-list.asp>.

Associate of Applied Science Paralegal/Legal Assistance to Bachelor of Science in Government – Legal Studies Emphasis

This curriculum is designed for students who plan to complete an Associate of Applied Science Degree at Collin College and then transfer to Texas Woman's University to complete a B.S. in Government – Legal Studies Emphasis. This plan includes completion of the core curriculum at Texas Woman's University. There are additional core courses required for completion of the B.S. degree, which can be taken at Collin College if preferred (History, Government, and Natural Science). Successful completion of the AAS Paralegal/Legal Assistant program meets the current eligibility requirements needed to qualify to take the Certified Legal Assistant Examination; however, additional education or professional experience may be required in the future.

All students must complete six credit hours in approved Global Perspectives (GP) courses, either in the core, major/minor courses or electives (TWU graduation requirement). A current list of Collin College equivalencies may be found at <http://www.twu.edu/admissions/transfer-list.asp>.

Associate of Arts to Bachelor of Arts in Music

This curriculum is designed for students who plan to complete an Associate of Arts at Collin College and then transfer to Texas Woman's University to complete a B. A. in Music. This plan includes completion of the core curriculum at TWU and compliance with the state Field of Study Curriculum for Music (*courses italicized below*). NOTE: Transferring students who have completed the field of study curriculum must satisfy proficiency requirements (such as keyboard proficiency) at TWU (Texas Higher Education Coordinating Board rule). Students can expect to complete core curriculum requirements at Texas Woman's University.

All students must complete six credit hours in approved Global Perspectives (GP) courses, either in the core, major/minor courses or electives (TWU graduation requirement). A current list of Collin College equivalencies may be found at <http://www.twu.edu/admissions/transfer-list.asp>.

Associate of Science to Bachelor of Science in Health Studies

This curriculum is designed for students who plan to complete an Associate of Science at Collin College and then transfer to Texas Woman's University to complete a Bachelor of Science in Health Studies. This plan includes completion of the core curriculum graduation requirements at Collin College. *Students may choose from among six areas within the B.S. in Health Studies degree Program: Community Health, Pre-OT, Master's Degree Preparation, All Level Health Education Teaching Certification, Pre-PT (Fast Track), and Pre-PT (Not Fast Track).* This agreement reflects courses taken in pursuit of the Community Health area of study.

NOTE: For acceptance into the Health Studies program, students must have a minimum cumulative GPA of 2.75. For acceptance into the Online Health Studies program, students must have a minimum cumulative GPA of 3.0. All Health Studies majors must maintain a minimum cumulative and Health Studies grade point average of 2.75.

All students must complete six credit hours in approved Global Perspectives (GP) courses, either in the core, major/minor courses or electives (TWU graduation requirement). A current list of Collin College equivalencies may be found at <http://www.twu.edu/admissions/transfer-list.asp>.

Associate of Science to Bachelor of Science in Food and Nutrition in Business and Industry

This curriculum is designed for students who complete an Associate of Science at Collin College and then transfer to Texas Woman's University to complete a B.S. in Food and Nutrition in Business and Industry. A new degree, B.A.S. in Culinary Science and Food Science Management is available to students with an A.A.S. in Culinary Arts.

All students must complete six credit hours in approved Global Perspectives (GP) courses, either in the core, major/minor courses or electives (TWU graduation requirement). A current list of Collin College equivalencies may be found at <http://www.twu.edu/admissions/transfer-list.asp>.

Pre-Occupational Therapy Undergraduate Programs

The School of Occupational Therapy is accredited by ACOTE and given the highest recognition. To enter a career as an occupational therapist a graduate degree is required. The School of Occupational Therapy participates in an accelerated plan of study on the Denton campus that is structured for students who are entering or currently engaged in undergraduate course work. This plan, the pre-OT degree plan, combines the undergraduate and graduate levels of study needed to become a registered occupational therapist. This plan potentially enables a student to complete the Master of Occupational Therapy degree in 5½ years.

Under the pre-OT degree plan students from the undergraduate majors of child development, family studies, kinesiology, health studies, or psychology complete core requirements, the required courses in the major, and the prerequisite courses for the MOT program. Transfer students can fit readily into these pathways by completing the state core curriculum at their community college prior to following a pre-OT degree plan within one of the five majors at Texas Woman's University.

Core Courses:

PSYCH 2301 Introduction to Psychology	3
MATH 1342 Elementary Statistics	3

Electives:

BIOL 2401, 2402 Anatomy and Physiology	8
PSYC 2314 Psychology Across the Lifespan	3
HECO 1322 Nutrition and Diet Therapy	3
(Nutrition required for Kinesiology and Health Studies majors)	

Undergraduate students following a pre-OT degree plan may apply to the School of Occupational Therapy for approval to begin occupational therapy coursework as an undergraduate student. The undergraduate degree plan determines whether the student completes one or two semesters of occupational therapy coursework as part of the undergraduate degree. A predetermined number of students can be accepted based on availability of clinical facilities, space, and faculty. Entrance is competitive. Selection is based on:

- Academic performance
- On-campus interview
- Writing sample
- Therapist recommendation after completion of 20 volunteer hours with an occupational therapist
- Total number of students that can be admitted in the program

One semester prior to undergraduate degree completion, students taking occupational therapy coursework apply to the Graduate School. Additional details and admission requirements appear in the TWU General Catalog.

The Master of Occupational Therapy program is accredited by the Accreditation Council of Occupational Therapy Education (ACOTE*). With successful completion of the Master of Occupational Therapy degree, the student is eligible to apply for the certification examination given by the National Board for Certification of Occupational Therapy (www.nbcot.org). Note: Students are advised that NBCOT may deny an individual's application to take the exam if he or she has a criminal felony conviction. The School of OT recommends that students with a felony conviction contact NBCOT for an "early determination review."

*ACOTE - PO Box 31220 - Bethesda, MD 20824-1220 - 301-652-2682

For more information, contact:
School of Occupational Therapy
940-898-2801
<http://www.twu.edu/occupational-therapy/>

Pre-Physical Therapy Undergraduate Programs

Physical Therapy is a graduate program. You will need a bachelor's degree and the required prerequisites courses to be eligible to apply. It will take an average of 7 years to become a physical therapist - typically, 4 years to complete a bachelor's degree and 3 years to complete the Doctor of Physical Therapy (DPT) program.

TWU offers several Pre-PT degree plans which incorporate the required prerequisite courses so you are eligible to apply to the DPT in the beginning of your senior year at TWU. TWU offers Pre-PT bachelor degrees in Kinesiology, Biology, Psychology, Health Studies, Child Development and Nutrition to prepare you for the physical therapy program. It is best to complete your bachelor's degree in a field of your interest since the DPT program is very competitive to enter. We suggest you begin observing/volunteering in the PT field (keep track of your hours) to help you decide if this is the field for you. It is best not to take all of your prerequisites at the community college level but rather become core complete and include some math and at least two semesters of two different sciences for science majors.

The required prerequisites courses for the DPT program:

- **Two semesters of biology or zoology with laboratory (8 credits)** Biology for non-science majors, anatomy, physiology, kinesiology, botany, and ecology are not accepted.
- **Two semesters of chemistry with laboratory (8 credits)** Chemistry for non-science majors is not accepted.
- **Two semesters of basic physics with laboratory (8 credits)** Physics for non-science majors is not accepted.
- One semester of college **algebra AND** one semester of college **trigonometry, OR** One semester of **pre-calculus, OR** One semester of **calculus**
- Six hours of **psychology** (excluding statistics) (**6 credits**) General, developmental, abnormal are recommended.
- **Statistics (3 credits within the last 10 years)** Psychology-based is recommended but others are accepted.
- One semester of general upper level (3000 or 4000) physiology (at a 4-year university) with laboratory (preferably human); **OR Two semesters of anatomy and physiology with laboratory** (8 credits); **OR** One semester of anatomy and physiology with laboratory **PLUS** One semester of exercise physiology.
- A course in **medical terminology**.

Fast Track Option:

At TWU, we offer a Fast Track program that allows students to complete the bachelor's and the DPT program in 6 years instead of 7. We suggest students only complete one year at a community college (30 hours) if interested in this option as the student must begin taking upper level courses in their sophomore year to stay on track. We offer the Fast Track in Human Biology, Kinesiology, Health Studies and Psychology. The Fast Track option requires taking courses during each summer semester along with 15-16 credits in the fall and spring semesters, so that you can complete the majority of your bachelor's degree in 3 years. If accepted to the DPT program, up to 8 credits from the first semester of the DPT program will fulfill your final credits for your bachelor's degree. The Fast Track program is not a guaranteed acceptance into the program; you will need to maintain a high GPA and be a competitive applicant in all other areas too. You apply to the DPT program in the beginning of your 3rd year but your TWU degree requirements and prerequisites must be completed before beginning the DPT program in your 4th year so you must work closely with your department advisor. We highly suggest completing your physiology requirement before applying to the DPT. By shortening your time for the bachelor's degree, you also have less time to complete your observation hours.

For more information, contact:
TWU School of Physical Therapy

Associate of Arts to Bachelor of Science with a Major in Nursing

This curriculum is designed for students who plan to complete an Associate of Arts at Collin College and then transfer to Texas Woman's University to complete a B. S. with a major in Nursing. This plan includes completion of the Collin College core curriculum and state Field of Study curriculum (*courses italicized below*). NOTE: To enter the TWU Nursing Program, students must have a minimum grade point average of at least 3.0 on the required non-nursing lower division courses. Class space is limited and admission into the nursing courses is competitive. See *TWU General Catalog* for other requirements and deadlines. TWU also offers an RN-BS online degree plan.

The TWU global perspectives graduation requirement is integrated into the nursing curriculum.

Associate of Applied Science in Nursing to Bachelor of Science in Nursing (RN to BS)

This curriculum is designed for students who wish to complete or have already completed the Associate of Applied Science Degree of Nursing at Collin County Community College (Collin) and then transfer to Texas Woman's University to complete a B. S. in Nursing. This plan includes completion of the core curriculum graduation requirements and additional nursing prerequisites at Collin. *Field of Study courses are italicized below.* This agreement is also for students who have an active Texas registered nursing license and who desire to take the academic prerequisites at Collin in order to enter the baccalaureate nursing program at TWU. This plan also gives the student the opportunity to earn an Associate of Arts/ Science at Collin.

All students must complete six credit hours in approved Global Perspectives (GP) courses, either in the core, major/minor courses or electives (TWU graduation requirement). A current list of COLLIN equivalencies may be found at <http://www.twu.edu/admissions/transfer-list.asp>.

NOTE: To enter the TWU Nursing Program, students must have a minimum grade point average of at least 2.0 on the required non-nursing lower division courses. Class space is limited and admission into the nursing courses is competitive. See TWU General Catalog for other requirements and deadlines.

DENTON CAMPUS

From DALLAS: Take Interstate I-35 to Denton, exiting at US 380 (Exit 469/University Drive). Turn right on US 380/University Drive. Follow University Drive to Bell Avenue, which runs through the heart of the TWU campus. Turn right on Bell Avenue. Turn right on Administration Drive and stop at the information booth, where you will find parking assistance and directions to the admissions office.

From FORT WORTH: Take Interstate 35W to Denton, exiting at US 380 (Exit 469/University Drive). Turn right on University Drive. Follow University Drive to Bell Avenue, which runs through the TWU campus. Turn right on Bell Avenue. Turn right on Administration Drive and stop at the information booth for parking assistance and directions.

From OTHER AREAS: US Highway 380 is the major east-west thoroughfare in Denton. Known in the city as University Drive, it borders the northern edge of the TWU campus.

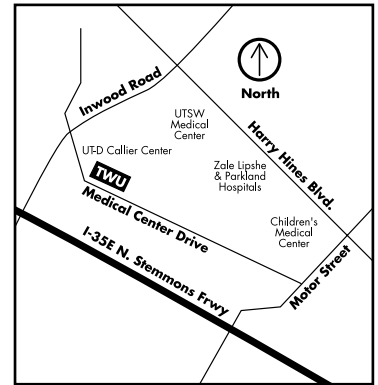

A campus map showing access routes for persons with disabilities is available at the Information Booth and at the Office of Disability Support Services, CFO 106, or call (940) 898-3835 or TDD (940) 898-3830.

Dallas Center

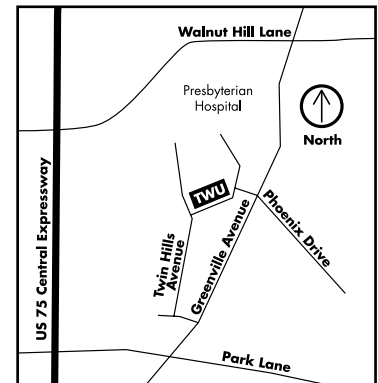

Parkland Campus

From Stemmons Freeway (I-35E), exit at Inwood Road and go northeast to the first traffic light (Medical Center Drive) and turn right. The Parkland campus will be the second driveway on the left, just before the flagpole. Bear to the right after you pass the seven-story building. Visitor and handicapped parking is located in front of the two-story building on the right.

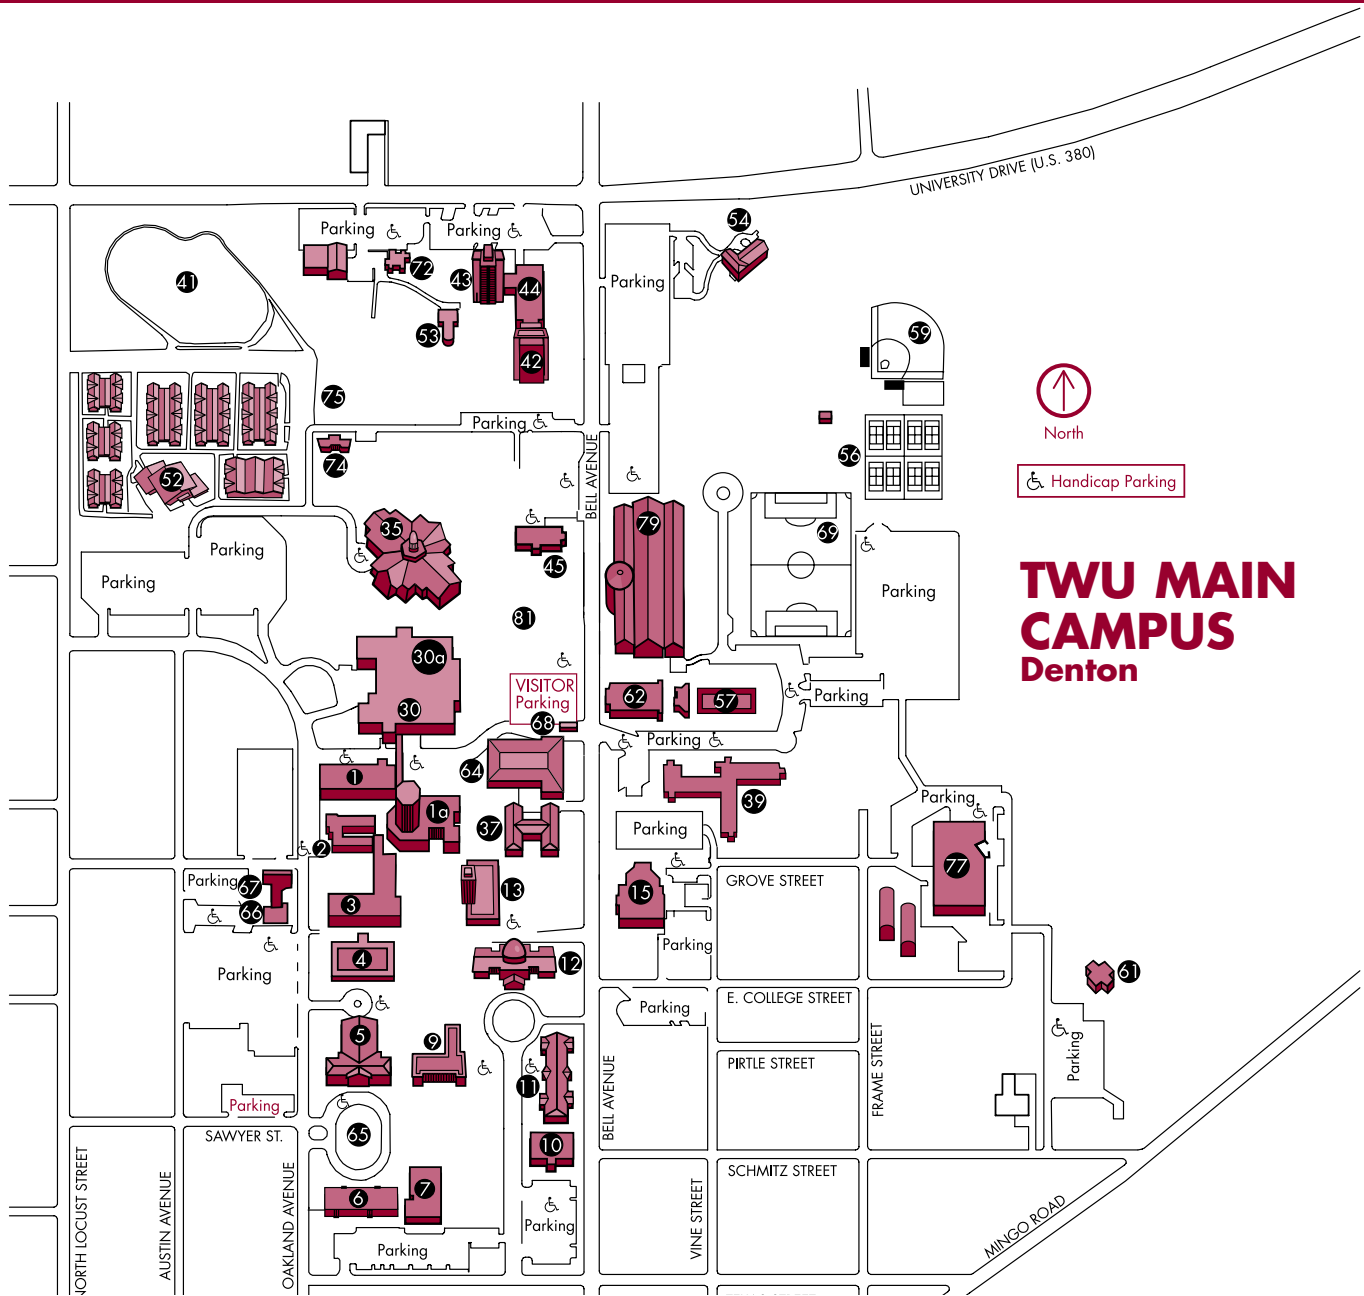

Presbyterian Campus

From Central Expressway (US 75), take the Walnut Hill Lane exit, and go east past Presbyterian hospital to Greenville Ave. Turn right (south), and right again (west) at Phoenix Avenue. Visitor and handicapped parking is located in front of the main entrance.
