You can submit questions for the panel by sending your question to [rev@twu.edu](mailto:rev@twu.edu) anytime before the event. Your question will be anonymous and your identity will be kept confidential.

Denim Day was originally established in Italy to protest the ruling by the High Court of Italy that a woman wearing tight jeans automatically consented to sexual advances from her driving instructor because of her choice of clothing. The protest has spread throughout the world and now, wearing jeans on this day has become an international symbol of protest against erroneous and destructive attitudes about sexual assault.
