SPRING BREAK SAFETY TIPS FROM PROJECT REV

With spring break coming up, Project REV would like to remind everyone of a few tips to stay safe if you're planning a "traditional" collegiate spring break:

- Go out with a group. Watch out for your friends and ask them to watch out for you.
- If you choose to drink, never accept drinks from strangers, or even from someone you may know. Always pour or buy your own drink.
- Have a plan for your transportation. Before you go out, discuss the plans and possible back-up plans with your friends. Keep the number of a local taxi service on hand.
- Before you go out, know your surroundings. Be aware of where phones are and who you can call if you need help.

Spring break can be a great experience. But, please be smart and stay safe. And remember, if you or someone you know needs support with an issue of dating abuse, sexual assault or stalking, Project REV can help.
