Board of Regents and Administrative Officers

Board of Regents

P. Mike McCullough, Dallas, Presiding Officer and Chair
Sue Bancroft, Argyle, Assistant Presiding Officer and Vice Chair
Lola Chriss, Rowlett
Debbie Gipson, Houston
Ann Scanlon McGinity, PhD., Pearland
Cecilia May Moreno, EdD, Laredo
George R. Schrader, Dallas
Melissa D. Tonn, MD, Dallas
Mary Pincoffs Wilson, Austin
Christina Wagoner, Carrollton, Student Regent

Officers of Administration

Ann Stuart, Chancellor and President. B.A., University of Florida; M.A., University of Kentucky; Ph.D., Southern Illinois University.

Robert Neely, Provost and Vice President for Academic Affairs. B.S., Southwest Baptist College; M.S., Baylor University; Ph.D., Iowa State University.

Brenda L. Floyd, Vice President for Finance and Administration. B.S., University of Texas; M.S., University of North Texas; Ed.D., Texas A&M University.

Richard Nicholas, Vice President for Student Life. B.S., University of Texas at Austin; M.S. Ed., Southern Illinois University; Ph.D., University of Texas at Austin.

Bill Palmertree, Vice President for Information Services. B.B.A, University of Mississippi; M.S., Troy State University.

John E. Lawhon, General Counsel. B.B.A., University of Houston; J.D., University of Houston
Bates College of Law

Role and Scope

Texas Woman's University is a Doctoral/Research-Intensive public university, primarily for women, offering baccalaureate, master's and doctoral degree programs. A teaching and research institution, the University emphasizes the liberal arts and sciences and specialized or professional studies. Texas Woman's University is the largest university primarily for women in the United States.

The University is committed to creating a campus environment which empowers students of different ages, social status, and ethnicity to obtain the essential knowledge, skills, independence, and confidence needed to enhance their prospects of success. Students are provided numerous opportunities to express their points of view, to test ideas, to make decisions, and to succeed as leaders.

The University offers high quality education in the liberal arts and sciences and professional studies. The University also conducts research to enhance the progress and welfare of the people of Texas, the nation and the world in a time of rapid technological and social change. Texas Woman's University serves as a source of knowledge and as a depository of information about women and their contributions to the history and advancement of the State of Texas, the nation, and the world.

Health-related studies and graduate education are integral to the mission of Texas Woman's University. Texas Woman's University has for many years been a regional and national leader in offering nursing and health science programs. These programs have evolved, as knowledge and technology in the health sciences have changed, to meet diverse health care needs. Texas Woman's University continues as the largest provider of nursing and allied health professionals in the state and one of the largest in the nation. The University's Institute of Health Sciences, the General Divisions, and the Graduate School offer co-educational opportunities for study at the undergraduate or graduate level.

Doctoral programs are offered in allied health sciences, education, human ecology, kinesiology, library and information studies, nursing, and selected areas of the arts, humanities, and natural and social sciences.

Texas Woman's University, with its main campus in Denton and two health science centers in Dallas and Houston, serves not only the north central region, but also the entire state of Texas. The T. Boone Pickens Institute of Health Sciences - Dallas Center, with sites at Parkland and Presbyterian Hospitals, offers academic programs in a variety of health science fields to serve this major area of Texas. The Houston Center, located in the Texas Medical Center, provides an excellent setting for students of health science and related fields. The graduate programs in health care administration, nursing, nutrition and dietetics, occupational therapy, and physical therapy offered in Houston are in the vanguard of graduate-level, professional health education in the Southwest.

The University provides many special opportunities for its students, including independent study, clinical education, and practical work experience. Worthy of special note are large and diverse cooperative education, practica and internship programs which integrate classroom study with planned and supervised work experience at the undergraduate and graduate levels.

Texas Woman's University is a pioneer in preparing women to pursue careers in such fields as allied health, librarianship, nursing, nutrition, social work, and teaching. As other opportunities have become available, the University has made a special commitment to attract women to study in mathematics, the natural and physical sciences, and business. Undergraduate and selected graduate programs are offered to increase the participation of women in fields in which women have been historically under represented.

Texas Woman's University educates women to excel and to assume leadership roles in both traditional and nontraditional endeavors. The training of women as leaders and decision makers is crucial to the progress of women and society. The University seeks to provide an academic and social climate for women to develop and use their leadership skills to serve society. Through work with campus and student organizations, as well as through involvement in institutional governance, Texas Woman's University affords students formal and informal opportunities to become leaders.

Texas Woman's University occupies a special niche in public higher education in Texas as an institution, primarily for women, which offers a broad range of baccalaureate programs in the liberal arts and sciences and professional fields; graduate programs which emphasize the health sciences, human services professions, traditional female fields, as well as selected areas of arts and sciences; and a campus environment which cultivates leaders. It conducts basic and applied research with special focus on interdisciplinary work in education, nutrition, health and natural sciences, women's studies, and family studies.

Approved by the Texas Higher Education Coordinating Board, January 24, 2002.

Mission

Texas Woman's University (TWU) is a notable institution, primarily for women, committed to fiscal accountability and dedicated to excellence through high quality academic programs, research, and creativity. TWU provides students with education that benefits both the individual and the state of Texas.

TWU's academic and social environment empowers students by fostering intellectual curiosity and lifelong learning, scholarship and research, health and wellness, global understanding, leadership, personal responsibility, financial literacy, civic engagement, and respect for diversity.

TWU educates students from varied social, ethnic, cultural and economic backgrounds to succeed in careers, research, or graduate study in the liberal arts and sciences and health, education, and business professions. Focusing on student learning and development, TWU prepares its graduates to lead personally and professionally fulfilling lives.

Approved by the Texas Higher Education Coordinating Board, 10/05.

Research Mission Statement

In the following text, the term "research" is used as it is used broadly in academic discussion, to include not only the diverse activities that comprise inquiry but also the forms of public statement of results of inquiry, such as publication, performance, or presentation.

It is the special research mission of the Texas Woman's University:

- to support faculty and student efforts to expand the domain of human knowledge, imagination, and forms of expression, particularly in those disciplines in which the University awards the doctoral degree;
- to contribute to improvements in professional practice through dissemination of knowledge and through research, particularly in those disciplines and professions in which the University awards graduate degrees;
- to serve as a resource depository for information and knowledge about women, their cultural diversity, and their particular contribution to the history and progress of the State of Texas, the nation, and the world;
- to collaborate with public and private agencies and corporations in research directed toward improvements in the quality of their products and services.

The mission statement calls for the development of basic or theoretical knowledge in those programs in which the University offers doctoral degrees. The test of whether faculty or students succeed in this kind of research is the extent to which their claims to have expanded the domain are accepted by the community of scholars through the peer review process, as it happens both on campus and in the larger community.

In its master's programs, it is the mission of the University to engage in research to contribute to development of the arts and sciences, professional practice, and technology, where technology is broadly conceived to embrace not only physical tools but also social arrangements and intellectual devices. Improvements and innovations in the services offered by institutions such as hospitals, schools and libraries are often products of research in social technology. The test of success in this kind of research is the extent to which practitioners of professions, arts and technologies recognize the contributions of faculty and students.

Approved by the Board of Regents, 12/90

Historical Statement

Texas Woman's University is a teaching and research institution emphasizing the liberal arts and specialized or professional studies. Established in 1901 by an act of the 27th Legislature as the Girls Industrial College, the institution began classes in 1903. TWU is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award baccalaureate, master's and doctoral degrees.

In 1905 the Legislature changed the name to the College of Industrial Arts. The college grew in academic excellence, in size and scope, and in reputation. The rising academic qualifications of the faculty, the building of a substantial library and research and instructional facilities, and the increasing demand for graduate education for women led to the establishment of graduate studies at the college in 1930.

In 1934 the name of the institution was changed to the Texas State College for Women to describe more accurately the scope of the school. Doctoral degrees were first awarded in 1953. Since 1957 the name has been Texas Woman's University, reflecting its status as a major institution of higher learning offering baccalaureate, master's and doctoral degrees. As is indicated by the name, Texas Woman's University has historically been a single-sex institution. However, in 1972 the University began accepting qualified men into the Institute of Health Sciences and the Graduate School. Effective in 1994, all areas of the University were opened to qualified male and female applicants.

Academically, the University includes the College of Arts and Sciences (including the School of the Arts and the School of Management), the College of Professional Education (including the School of Library and Information Studies), the College of Health Sciences (including the Schools of Physical Therapy and Occupational Therapy), and the College of Nursing. The Graduate School administers graduate programs in each of these schools and colleges. Now in its twelfth decade, the University has become a major public university served by approximately 500 faculty members and averages 14,000 students. The curriculum, which led to the award of baccalaureate degrees for the first time in 1915, now accommodates studies that lead to doctoral degrees in each of the colleges of the University.

Campus and Centers

The Denton Campus

The Texas Woman's University main campus is located in Denton, Texas, a city of about 118,994 residents located 38 miles north of Dallas and Fort Worth, the nation's ninth largest urban center.

The University's high-rise residence halls and academic and administrative buildings dominate Denton's skyline. Blended with these are historic buildings, including Old Main (the university's first building) and the Little Chapel-in-the-Woods.

Other special features of the Denton campus are the "Texas Women: A Celebration of History" exhibit; the DAR Museum, which contains historic materials reflecting the culture and social life of Texas' First Ladies; and the TWU Historic Collection, containing TWU artifacts and memorabilia. A special campus landmark is the statue of the Pioneer Woman, which was given to TWU in 1938 by the State of Texas in celebration of the Texas Centennial.

Campus recreational facilities include lighted tennis courts, athletic fields, an 18-hole golf course and club house, indoor and outdoor swimming pools, gymnasium, dance studios, and a wellness center. Pioneer Hall provides an indoor regulation eight-lane pool with movable bulkhead and diving well, a gymnasium with seating capacity of 2000, racquetball courts, and classrooms for the Departments of Athletics and Kinesiology.

The Ann Stuart Science Complex opened in Spring, 2011. The 80,000-square-foot facility includes the latest instructional technology and equipment for teaching and research in Biology, Chemistry, and Physics. The building's fully automated greenhouse will support cutting-edge research into the role of plants in the prevention of cancer.

T. Boone Pickens Institute of Health Sciences-Dallas Center

As part of its Institute of Health Sciences program, the University maintains a Dallas Center which includes sites near Parkland and Presbyterian Hospitals. The Center provides excellent clinical experience and educational resources for students enrolled in the programs of the Institute of Health Sciences including nursing, occupational and physical therapy, and health systems management.

Parkland Site

The Parkland Hospital site was established in 1966 and includes general classrooms and seminar rooms, simulation laboratories, library, and media resources. The nursing program began at Parkland in 1954, and in 1992 The Stroke Center-Dallas was established to provide state-of-the-art treatment and training in neurological rehabilitation specifically for stroke patients.

Presbyterian Site

Dedicated in 1977, the Presbyterian Hospital site in northeast Dallas is adjacent to Presbyterian Hospital on Walnut Hill Lane just east of North Central Expressway. Facilities include classrooms, library, laboratories, auditorium, and offices.

Institute of Health Sciences-Houston Center

After 45 years at its previous location, Texas Woman's University opened its new Institute of Health Sciences-Houston Center in August, 2006. Located at 6700 Fannin, in the heart of Houston's world renowned Texas Medical Center, the new Houston Center is a state-of-the-art, 10-story, 202,000 square-foot "campus in one building". It is designed to house the existing and future professional programs in a multi-disciplinary academic environment.

TWU graduates more health care professionals than any other higher education institution in Texas. The Houston Center is unique to the greater metropolitan Houston and Galveston area educating health care professionals at the baccalaureate, masters, and doctoral levels in nursing, occupational and physical therapy, nutrition and food science, and health care administration.

Highlights

1901 - the bill was passed into law creating the Girls Industrial College.

1903 - first classes held.

1904 - first graduating class with one graduate, Beulah Kincaid.

1905 - name changed to College of Industrial Arts (CIA).

1923 - initial accreditation by Commission on Colleges of the Southern Association of Colleges and Schools.

1934 - name changed to Texas State College for Women (TSCW).

1950 - the nursing program became the first nationally accredited nursing school in Texas.

1953 - first PhD degrees awarded; Alice Knapper Milsom-Dietetics & Nutrition and Mae Yoder Moor-Textile Technology.

1954 - nursing training began in cooperation with Parkland Hospital in Dallas.

1956 - the first building in the nation dedicated to library science instruction was opened.

1957 - name changed to Texas Woman's University (TWU).

1963 - nursing students began receiving training at the Medical Center of Houston.

1989-90 - the production *Six Women with Brain Death...or Expiring Minds Want to Know* won national honors at the American College Theatre Festival and six performances were held at the Kennedy Center in Washington D.C.

1993 - TWU ranked 1st in the state and 3rd in the nation for the number of doctorates granted in health sciences.

1994 - TWU opened its General Divisions to qualified males.

1995 - TWU added its fifth NCAA intercollegiate sports program (softball), now offering basketball, gymnastics, softball, tennis, and volleyball.

1996 - the TWU gymnastic team became known as the "Quad Squad" after winning their fourth consecutive USA Gymnastics Collegiate National Championship.

1998 - the TWU gymnastic team regained their national title, winning their fifth out of the last six years USA Gymnastics Collegiate National Championship.

2000 - the TWU gymnastic team won their sixth USA Gymnastics Collegiate National Championship title since 1993. The team recorded an event-high and school record score of 193.850 and won by the largest margin of victory in the 14-year history of the event.

2002 - the TWU soccer team began their inaugural season in the Fall.

2003 - SACS reaffirmed accreditation of TWU for an additional ten years.

2003 - the TWU Gymnastics team won their seventh USA Gymnastics Collegiate National Championship title since 2000 with a meet-record team score of 195.600. The team also led all schools with 16 gymnasts earning USAG All-American status.

2004 - TWU had the largest college of nursing in Texas and produced more new nurses than any other program in the state.

2004 - *US News & World Report* ranked OT program in Top Ten Programs.

2005 - TWU Concert Choir made its Carnegie Hall debut.

2006 - TWU became the first public university in Texas to offer a specialist degree in school psychology.

2008-11 - TWU is the only university in Texas selected to participate in the American Democracy Project Civic Agency Initiative.

2010 - TWU produces more speech language pathologists and deaf educators than any other program in the state.

2010 - TWU becomes the first university in Texas to offer a Ph.D. in women's studies.

Distinctions

Cooperative Programs

- TWU is a member of the Federation of North Texas Area Universities with Texas A&M - Commerce and the University of North Texas. Affiliate members include the University of Texas at Arlington, the University of Texas at Dallas, and the Dallas County Community College District. Cooperative graduate programs are offered in education, molecular biology, psychology, reading, sociology, and special education.
- TWU has cooperative programs with Mukogawa Women's University and Baiko Jo Gaukin College in Japan.
- A 3+2 program between TWU and the University of Texas at Dallas enables women to prepare for professional careers in engineering while earning two degrees over a five-year period - a degree in mathematics from TWU after three years and a degree in electrical engineering from UT-Dallas after an additional two years of study.
- TWU offers a dual degree program between the College of Arts and Sciences at Texas Woman's University and the Dwight Look College of Engineering at Texas A&M University which allows students to earn two degrees, one in mathematics and the other in engineering, simultaneously.
- TWU is the only north Texas university participating in a seven-member organization funded by the National Science Foundation to redesign undergraduate engineering culture and curriculum.
- TWU is one of three Texas universities providing instruction for a comprehensive executive development program - the Law Enforcement Management Institute - for law enforcement administrators. Other universities are Texas A&M University and Sam Houston State University.
- TWU offers cooperative programs at the Universities Center at Dallas with Texas A&M - Commerce, the University of North Texas, the University of Texas at Arlington, and the University of Texas at Dallas. Degrees in Criminal Justice (BS), and Business Administration (BBA, MBA) are offered.
- The College of Nursing in Houston has a collaborative pediatric nurse practitioner program with the University of Texas Houston Health Science Center. Students take courses at both schools as part of the program, but receive a degree from the school in which they originally enrolled.
- Texas Woman's University, through the efforts of the Department of Chemistry and Physics, is a collaborative partner with the eight Texas A&M University System schools and Angelo State University. This collaborative is pursuing National Science Foundation funding to impact the manner in which pre-service teachers of science and mathematics are prepared via the Texas Collaborative for Excellence in Teaching Preparation and the manner in which in-service teachers are retrained via the Texas Collaborative for Teacher Enhancement.
- The Department of Fashion and Textiles has an internationally recognized program in fabric cleaning funded by the Texas Food and Fiber Commission, the U.S. Environmental Protection Agency, private companies and industry.
- The Department of Performing Arts music component has maintained an ongoing partnership with the Denton Community Band and Orchestra in which TWU students participate in the ensembles for credit and as a part of degree work. In exchange, the community organizations are given use of rehearsal space and some performance access throughout the year. Also, a faculty/student partnership exists between the music program at TWU and its counterpart at Brookhaven College (Dallas). Students enrolled in chamber music (flute choir) at both universities periodically combine forces to present large public concerts. These initiatives have allowed the department to enhance the performance opportunities for instrumentalists at minimum cost while supporting significant community outreach options.

Services

- TWU operates several clinics, centers, and institutes: Dental Hygiene Clinic, Counseling and Family Development Clinic, Occupational Therapy Clinic, Speech and Hearing Clinic, Music Therapy Clinic, Science and Mathematics Center for Women, Institute for Women's Health, Institute for Clinical Services and Applied Research, and the Center for Innovation and Excellence in Teaching.

Distinctions

Educational Programs

- The Department of Chemistry and Physics has had continuous state and national funding from the Eisenhower Professional Development Program to enhance science instruction in the elementary schools since 1990. Approximately 300 elementary teachers have benefited from these programs. Some of these teachers have either received or are pursuing the Master of Science in Science Teaching degree at TWU which is an outgrowth of funding received from the U.S. Department of Education's FIPSE (Fund for Improvement of Post Secondary Education). This program is designed to increase the competence of school teachers in laboratory science content and methodology, which will enhance scientific literacy among children.
- In 1988, the Science and Mathematics Center for Women at TWU began the Access to Careers in the Sciences Camps (ACES) for girls completing the sixth through eleventh grades. The residential summer camps provide the information and "hands-on" experiences needed to encourage girls to make realistic career choices in the mathematics and science fields. The program has grown from 13 to more than 80 participants and has been recognized by Duke University as one of the top programs of its kind in the nation.
- TWU is taking the lead in north central Texas coordinating North TexPREP, an eight-week summer program in mathematics and pre-engineering for students in grades 7 to 11.
- The Office of Continuing Education held the first College for Kids in July, 1996 and has achieved a 13% growth each year. This three-week summer enrichment program is designed to encourage imagination and expand the knowledge of youth in grades 3-6 with learning activities that are different from regular school curriculum.
- TWU is one of more than 20 national training sites - and the only one in Texas - in Reading Recovery, a program that helps at-risk first grade children learn to read. The TWU program is a collaborative effort with school districts in Texas and 12 other states.
- The university offers Project START, a master's degree program in education with specialization in bilingual education. The program, which emphasizes advanced studies in science, mathematics, and computer science, will prepare bilingual and English-as-a-Second-Language teachers to enhance science and math education in primary grades populated by minority students.
- A Production Management Institute has been formed by the fashion and textiles department with the TWU Research Center for Laundry and Dry-cleaning as a continuing education program for industry managers and owners.
- TWU is the first university in Texas to be authorized to offer a free-standing MA degree in Women's Studies.
- The master's degree program in dance at TWU is the only one in Texas, and the only liberal arts-based program in the nation to be listed in the top ten university settings for dance study by *Dance Teacher Now Magazine*. The doctoral degree program in dance at TWU is one of only three in the United States.
- TWU's theatre program was selected to host the five-state regional sessions of the American College Theatre Festival, a distinction that brought well over a thousand college students on campus in Spring 1998 and 1999. The department has received honorable mention citations in recent years for the productions *Playing for Time*, *Eleemosynary*, and *Chicago* by the Kennedy Center/American College Theatre Festival National Selection Team.
- Music Therapy at Texas Woman's University is the oldest ongoing music therapy program in the Southwest. Started in 1952, the program features undergraduate and graduate degree programs leading to a doctoral option through a federated alliance with the University of North Texas.
- The Department of Psychology and Philosophy houses one of only three School Psychology doctoral training programs within the state of Texas. This program is unique in its focus on the training of school-based practitioners. The master's and doctoral programs in School Psychology are accredited by the National Association of School Psychologists. The department offers one of the seven Counseling Psychology doctoral programs in the state of Texas that are accredited by the American Psychological Association. Graduates of this program consistently score in the top 30% of the graduates of all Counseling Psychology programs in the United States on the Examination for the Professional Practice of Psychology (EPPP).

Distinctions

Educational Programs (continued)

- The Social Work Program at TWU, one of the first two baccalaureate programs in the state of Texas to be initially accredited by the Council on Social Work Education in 1974, has retained this status since that time and is fully accredited through the Spring 2005 semester.
- The School of the Arts offers typographic bookmaking and hand made paper courses among its listings, and houses a computer lab consisting of sixteen up-to-date workstations with full graphics capability.
- According to the 1997 report issued by the American Association of Colleges for Teacher Education (AACTE), TWU ranks among the top 10 suppliers of school administrators in the nation. In addition, the university ranks eighth in teacher education productivity and ninth in total productivity out of thirty-three Texas institutions reporting.
- The School of Library and Information Studies is the oldest continuously accredited library school in the Southwest.
- The Department of Health Studies and the School of Library and Information Studies offer a dual master's degree through which students can earn two master's degrees simultaneously in forty-five credit hours.
- TWU is among the leading providers of health care professionals in the state and the nation. The university's Institute of Health Sciences offers programs leading to bachelor's, master's, and doctoral degrees through the College of Health Sciences, College of Nursing, School of Occupational Therapy, and School of Physical Therapy.
- The College of Nursing is one of the oldest and largest in the United States, and the pass rates on the national nursing licensure exam are among the highest in the nation.
- The School of Occupational Therapy is the largest in the nation. It has the only post-professional master's program in Texas, and the only doctoral degree program at a public university in the United States. The master's degree program is ranked in the top 10 occupational therapy programs nationally, and recently, the *Princeton Review* rated TWU's School of Occupational Therapy among the best distance learning graduate schools in the United States.
- As recognized by *U.S. News and World Report* for four years in a row, the School of Physical Therapy has one of the leading programs in the United States. The TWU program was the first Master of Science degree program in the state and is one of only six doctoral programs in the nation.
- TWU offers an interdisciplinary program in exercise and sports nutrition at the master's level.
- TWU offers an interdisciplinary science master's degree program for elementary school teachers under a FIPSE (Fund for Improvement of Post Secondary Education) grant. The program will increase the competence of school teachers in laboratory science content and methodology, which will enhance scientific literacy among children.
- TWU offers the only Ph.D. in physical therapy in Texas.

Research

- Areas of research: stroke, osteoporosis, teen pregnancy, diabetes, sexual reproduction, sensorineural deafness, synthesis of rRNA in yeast, women's health, (funded sponsored projects \$5 million).
- Research facilities: microbiology lab, animal care facility, motor learning and control lab, biochemistry lab, motion analysis lab, the aphasia center, and textile research lab.
- Faculty in the Department of Nutrition and Food Sciences conduct research in food sciences and sensory testing sponsored by the Texas Food and Fibers Commission.
- The National Institutes of Health, through the Extramural Associates Program, has awarded a second three-year grant for

Distinctions

Research (continued)

the development of the infrastructure for research at the TWU Institute of Health Sciences Houston Center.

- The Multi-ethnic Biomedical Research Support Program at TWU (MBRS) is the only such program in the North Texas region. Federal funding is provided to encourage and train undergraduate and graduate students from population groups that are underrepresented in biomedical research.
- TWU's Institute for Women's Health coordinates interdisciplinary research in areas critical to the social, physical, and mental health of women. Areas of study include osteoporosis, adolescent pregnancy, and nutritional health of the elderly. The Center is one of only a few such research facilities in the nation.
- The Center for Nonlinear Science brings together scientists from multiple disciplines who have an interest in the study of complex systems.
- Faculty members in the Biology Department have grant support from the National Institute of Deafness and other Communication Disorders to study how nerve cells in the brain stem modify auditory information that arrives in the inner ear. The same laboratory analyzes, with support for the National Organization for Hearing Research, whether sound sensing cells in the inner ear can be regenerated in response to signals from brain regions to the inner ear. This research is important in the understanding of certain types of hearing loss.

Presidents and Terms of Office

Cree T. Work, M.Ed.	Fall 1902 - June 1910
William B. Bizzell, Ph.D.	August 1910 - September 1914
Francis M. Bralley, L.L.D.	September 1914 - August 1924
E. V. White, M.A. (Interim)	August 1924 - January 1925
Lindsay Blayney, Ph.D.	January 1925 - June 1926
Louis H. Hubbard, Ph.D.	June 1926 - August 1950
John Guinn, Ph.D.	September 1950 - March 1976
Mary Evelyn Blagg-Huey, Ph.D. (Interim)	April 1976 - August 1976
Mary Evelyn Blagg-Huey, Ph.D.	September 1976 - September 1986
Shirley S. Chater, Ph.D.	October 1986 - October 1993
Patricia A. Sullivan, Ph.D. (Interim)	October 1993 - August 1994
Carol D. Surles, Ph.D.	August 1994 - February 1999
Beverley Byers-Pevitts, Ph.D. (Interim)	February 1999 - November 1999
Ann Stuart, Ph.D.	December 1999 - Present

Distinguished Alumni

The Distinguished Alumni recognition program was initiated in 1969 and to-date has recognized one-hundred-thirty-one alumni for their accomplishments. Following is the list of distinguished alumni by year of recognition.

1969

Nelle Johnston
Lou Bullington Tower
Opal Warren Yarborough
Autrey Nell Wiley, Ph.D.

1970

Lottie Ray Caldwell
Frances Arnold Ellis
Mary Ellen Haggard, MD.
Lucille Morgan Terry
Dorothy Hill Volk

1971

Kate Adele Hill, Ph.D.
Lura Burton Murray Kendrick
Aileene Simpson Lockhart, Ph.D.

1972

Oline E. Nicholson
Mary Alice Brown Ficklen

1973

La Verne Harrell Clark
Frances Matsler Gordon
Ola Lummus

1974

Hazel Weber Brodersen
Mary Evelyn Blagg-Huey, Ph.D.
June Hyer
Ludie Clark Thompson

1975

Rae Ann Kaufman Fichtner, Ph.D.
Jackie Greer
Mary Ellen Tisdale Hughes

1976

Katherine Pat Fewell Moore
Patricia O'Connor, Ph.D.
Nell Morris

1977

Elizabeth Amanda Crisp, MD
Sara Bernice Honea Moseley
Natha Howell

1978

Gussie Nell Davis
Madelyn Pulver Jennings
Geraldine Segars Pool
Aline McKenzie Snyder

1979

Constance Ashley
Laura Lane
Jo Ann Miller
Sue Titus Reid

1980

Agnes Thorton Bird, Ph.D.
Frieda L. Carson, Ph.D.
LaVerne Collins Chatfield
Mary Martha Lappe
Betty Green Heitman

1981

Johnie Christian, Ph.D.
Dymple C. Butler Cooksey, Ph.D.
Boots Cooper, MD
Anita Hill
Ann Roznovsky

1982

Margaretta Reeve Bolding
Jerline Kennedy
Vonette Zachary Bright

1983

Ruth M. Bain, MD
Dee Anne Dyke
Carolyn A. Williams, Ph.D.

1984

Jerry A. Johnson, Ph.D.
Margaret "Mark" Murrell
Barbara McFarlane Staton

1985

Sylvia M. Christensen
Lucyle Hook, Ph.D.
Millie Hughes-Fulford, Ph.D.
Mara A. Smith

1986

Mickie Newbill Edwardson, Ph.D.
Jill Shugart, Ph.D.
Beatrice Paschall Stebbing

1987

Louis Kuehn Appleman
Cheryl Anne Holland
Lou Halsell Rodenberger, Ph.D.

1988

Laura Nell Gasaway
Barbara Luther Taylor

2011

Billie Askew, Ph.D.
Gayle Ziaks Halperin
Bettye Myers, Ph.D.

Cornaro Award Recipients

Named for Elena Lucrezia Cornaro Piscopia, the first woman in history to receive a university degree (from the University of Padua, Italy, in 1678), the Cornaro Award for Excellence in Teaching is made by a peer committee in recognition of outstanding commitment to scholarship and the advancement of learning.

- 1978** Ethelyn Davis, Ph.D., Professor of Sociology and Social Work
- 1979** A. Elizabeth Taylor, Ph.D., Piper Professor of History and Government
- 1980** Aileene Lockhart, D.Sc., Ph.D., Piper Professor of Dance and Physical Education
- 1981** John W. McFarland, Ed.D., Professor of Counselor Education and Personnel Services
- 1982** Clifton T. Sparks, Ph.D., Professor of Counselor Education and Personnel Services; Dean, COE
- 1983** Clarice Garrett, Ph.D., Professor of Fashion and Textiles
- 1984** Robert Fuerst, Ph.D., Professor of Biology
- 1985** Lavon B. Fulwiler, Ph.D., Professor of English
- 1986** Rose Spicola, Ph.D., Professor of Curriculum and Instruction
- 1988** Jane Mott, Ph.D., Professor of Dance and Physical Education
- 1989** John Christy, Ph.D., Professor of Mathematics
- 1990** Paul Thetford, Ph.D., Professor of Psychology
- 1991** Mona S. Hersh-Cochran, Ph.D., Professor of Business and Economics
- 1992** George H. Stewart, Ph.D., Professor of Chemistry
- 1993** Martha H. Swain, Ph.D., Professor of History
- 1994** Turner Kobler, Ph.D., Professor of English
- 1995** Bettye B. Myers, Ph.D., Professor of Kinesiology
- 1996** Judith M. McFarlane, D.P.H., Professor of Nursing
- 1997** Betty B. Alford, Ph.D., Professor of Nutrition and Food Science; Chair, Nutrition and Food Science
- 1998** Margaret Griffin, Ph.D., Professor of Reading and Bilingual Education
- 1999** Lynda Uphouse, Ph.D., Professor of Biology
- 2000** Delaina Walker-Batson, Ph.D., Professor of Communication Sciences and Disorders
- 2001** Billie J. Askew, Ph.D., Professor of Reading
- 2002** Glen Jennings, Ed.D., Professor of Family Sciences
- 2003** Valentine J. Belfiglio, Ph.D., Professor of History and Government
- 2004** James E. Johnson, Ph.D., Professor of Chemistry and Physics
- 2005** Ronald French, Ed.D., Professor of Kinesiology
- 2006** Susan Chaney, Ed.D., Professor of Nursing - Dallas
- 2007** William B. Cissell, Ph.D., Professor of Health Studies
- 2008** Jim Alexander, Ph.D., Professor of History and Government
- 2009** Michael J. Wiebe, Ph.D., Professor of Teacher Education
- 2010** Phyllis Bridges, Ph.D. Professor of English, Speech and Foreign Languages
- 2011** Penelope Hanstein, Ph.D., Professor of Dance, Chair, Department of Dance

Mary Mason Lyon Award Recipients

The Mary Mason Lyon Award is named for the founder of Mount Holyoke, the first (1837) women's college in the United States. This annual award recognizes teaching, research and service by junior faculty members who have been at TWU from three to seven years, and who have no more than ten years of university teaching.

- 1985** Janice D. LaPointe-Crump, Ph.D., Associate Professor of Dance
Lana Woods, Assistant Professor Physical Therapy
- 1986** Susan Kae Grant, Ph.D., Assistant Professor of Art
Delaina Walker-Batson, Ph.D., Associate Professor of Communication Sciences
- 1988** Michael H. Droge, Ph.D., Assistant Professor of Biology
Jacqueline Mitchell, Ph.D., Assistant Professor Counselor Education and Personnel Services
- 1989** John Calabrese, Ph.D., Associate Professor of Art
- 1990** Gloria J. Green, M.S., Instructor in Physical Therapy
Jean Cole Spencer, Ph.D., Associate Professor of Occupational Therapy
- 1991** C. Sue McCullough, Ed.D., Associate Professor of Psychology
Sharon Underwood, Ph.D., Assistant Professor of Fashion and Textiles
- 1992** Charlotte Feicht Sanborn, Ph.D., Associate Professor of Kinesiology
Frances Ann McBroom Thompson, Ed.D., Associate Professor of Mathematics
- 1993** Sarah A. McIntire, Ph.D., Associate Professor of Biology
- 1994** Billie J. Askew, Ph.D., Associate Professor of Reading and Bilingual Education and Director of Reading Recovery
Scott M. Hasson, Ed.D., Associate Professor of Physical Therapy—Houston Center
- 1995** Janice Killian, Ph.D., Assistant Professor of Music
Harry J. Meeuwesen, Ph.D., Associate Professor of Kinesiology
Frank N. Thomas, Ph.D., Assistant Professor of Family Science
- 1996** JoAnn D. Barbour, Ph.D., Assistant Professor of Educational Leadership
Susan E. Ward, Ph.D., Associate Professor of Health Studies
Katherine Lynn Wieck, Ph.D., Assistant Professor of Nursing
- 1997** Faculty Award Committee made no recommendation for Mary Mason Lyon Award in 1997
- 1998** Joy McGregor, Ph.D., Assistant Professor of Library and Information Studies
Linda Rubin, Ph.D., Assistant Professor of Psychology
Maureen Simmonds, Ph.D., Assistant Professor of Physical Therapy
- 1999** Rebecca Code, Ph.D., Assistant Professor of Biology
Mary Williford-Shade, M.F.A., Assistant Professor of Performing Arts-Dance
- 2000** Eva Doyle, Ph.D., Associate Professor of Health Studies
Alfred Guy Litton, Ph.D., Assistant Professor of English, Speech, and Foreign Languages
- 2001** Pamela Youngblood, Ph.D., Assistant Professor of Performing Arts-Music
- 2002** Cynthia Gill, Ed.D., Assistant Professor of Communication Sciences and Disorders
Melinda Holt, Ph.D., Associate Professor of Mathematics and Computer Science
- 2003** Kyle Biggerstaff, Ph.D., Assistant Professor of Kinesiology
- 2004** Faculty Award Committee made no recommendation for Mary Mason Lyon Award in 2004
- 2005** David Nichols, Ph.D., Assistant Professor of Kinesiology
Shannon Rich, Ph.D., Associate Professor of Psychology and Philosophy
- 2006** Rebecca Estes, Ph.D., Associate Professor of Occupational Therapy
David Rylander, Ph.D., Assistant Professor of Marketing
- 2007** Junehee Kwon, Ph.D., Associate Professor of Nutrition and Food Sciences
Toni Roddey, Ph.D., Assistant Professor of Physical Therapy
- 2008** Mark Hamner, Ph.D., Associate Professor of Mathematics
DiAnna Hynds, Ph.D., Assistant Professor of Biology
- 2009** Debra Mollen, Ph.D., Assistant Professor of Psychology and Philosophy
Joel Muro, Ph.D., Assistant Professor of Family Sciences

Mary Mason Lyon Award Recipients (Continued)

- 2010** Katherine Sharp Landdeck, Ph.D., Associate Professor of History and Government
Lisa Sillman-French, Ph.D., Associate Professor of Kinesiology
- 2011** Manal Rawashdeh-Omary, Ph.D., Assistant Professor of Chemistry and Physics
Brigitte Bittrup, Ph.D.,

Accreditations

- Accreditation Council for Occupational Therapy Education (ACOTE)
Occupational Therapy
- American Association for Health Education (AAHE)
Health Education
- American Chemical Society (ACS)
Chemistry
- American Dental Association Commission on Accreditation (ADA)
Dental Hygiene
