For this year of the Diamond Jubilee of TFWC the theme: “Seeking A Better Environment with Womanpower” was selected. A pilot program in TFWC was the “Environmental Conference” where the people learned what can be done to protect our “Most Valuable Heritage.” This conference received President Nixon’s National Women’s Environmental Protection Agency Award in 1971. The Diamond Jubilee Birthday Celebration was held at the Baker Hotel in Dallas and sparkled with the tributes, presentations, reports, musical arrangements, etc., presented. Mrs. Pat Nixon was the recipient of the first “Diamond Jubilee” pin worn by TFWC members during this anniversary year. Why Go On Driving Blind was an important project emphasized by this president.
