The theme of this administration was: “Seek . . . Share . . . Serve.” Seek Opportunities, Share Federation, and Serve with determination and love. This theme was exemplified in the Leadership Development Seminar held during the summer of '84 at the University of Texas, the new handbook that was developed, the revision and updating of the Bylaws, the placing of TFWC records and historic memorabilia at the library at TWU in Denton, and the attainment of three historic markers at the TFWC Headquarters building in Austin. These markers were from the National Registry of Historic Places (1985), Recorded Texas Historic Landmarks (1986) and the Austin Historic Landmark (1986).
