

WASP Training: In the photo to the right are some of equipment, study materials, and other items used by the WASP during their training at Avenger Field. The plaque pictured in the display was a gift from Major General Barton K. Yount to the first WASP Class to graduate at Avenger Field. The plaque was originally mounted in the wishing well at Avenger; WASP would throw their classmates into it after they soloed. The inscription reads:

Deposited by
Maj. Gen Barton K. Yount
Graduation Day
May 28, 1943
With Wishes for
Happy Landings to Class 43-2
and to all that follow
