OTHER

Significant Professional Development Activities (2007-2010)

Total of 221 Contact Hours of Professional Development in the last four years. Focus has been on updating my knowledge/expertise in defined areas of content:

1. Children (Developmental Disorders (Brain)/Emotional Trauma & Intervention)
2. Adults (Acquired Brain Injury (Mental Health)/Trauma & Intervention)
3. Neuroscience (Application to Children/Adults)

These workshops/courses were specifically selected to promote my understanding of developmental, cognitive, and emotional factors relevant to clinical interventions in both the mental health and physical rehabilitation arenas. This integrative emphasis is directly related to my line of research and consistent with my Texas licenses in both occupational therapy and mental health counseling.
