

### Military Transcripts

One of the required documents which most veterans need to submit in order to continue receiving VA educational benefits is a copy of their military transcript. This document may allow some veterans to receive college credit for their military service and training.

#### What is a military transcript?

Military transcripts are official documents that provide a description of military schooling and work history completed while in military service.

#### Why do I need a Military transcript?

Military transcripts serve as counseling tools for academic counselors to assist veterans with their degree plan and transfer credits.

#### How do I obtain my military transcript?

Veteran may request a copy to their military transcript online through their service branch. For more info visit the TWU Military transcript guide:

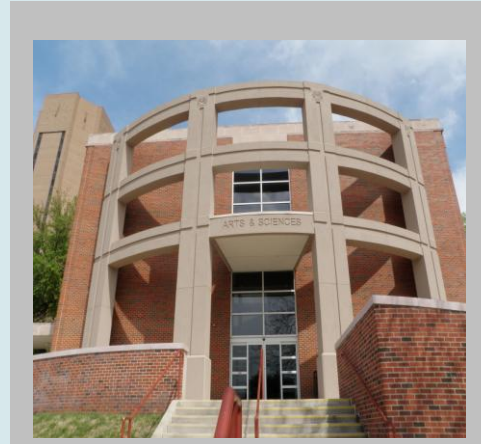

<http://www.twu.edu/veterans/military-transcripts.asp>

#### What is the ACE Military transcript?

TWU recommends using the American Council on Education (ACE) transcripts since it is a fully automated document that provides an official list of military courses, occupations, and college-level exam scores completed during active duty.

#### Branch Specific Transcript Resources
