The next order of business was to determine on which standing committees each Staff Council Member wanted to serve. There are six committees. Jana Bates will send out a listing for members to choose committees.

Two items were brought forward as business for consideration by the Council.

- The suggestion was made that the Academic Calendar for spring be more readily available. Presently the Calendar is only updated through the end of 2007. It was discovered that this project is being worked on at the present time.
- The request was made for all Council members to consider serving as volunteers at the time of Graduation. The importance of meeting with the organizers beforehand was emphasized.
