Important Features of Receiving Care at TWU's Dental Hygiene Clinic

1. **Considerably more time is required by a student to perform the dental hygiene services necessary than may be required in a private practice office.**
2. **I understand that I must return for as many appointments as are needed to complete treatment. I will not be given an initial appointment unless I agree to return to the clinic for further appoints if necessary. _____(initial)**
3. I understand that this clinic is in place to teach the students clinical dental hygiene skills. Patients are selected who best provide a good learning situation for students.
4. Students are required to fulfill a certain number of hours of instruction in the clinic of the Dental Hygiene Program. For this reason, it is necessary that I do not miss or break appointments. To do so will cause the student to lose credit for time that was set aside for me. I agree to notify the Dental Hygiene Program at (940) 898-2888 at least 24 hours in advance of my appointment if it is necessary to cancel an appointment.

Patient Responsibilities: My responsibilities as a patient are to: **Keep all scheduled appointments.** If I fail to appear for appointments, I will **NOT** be eligible to receive further treatment in the future, unless it is an isolated incidence and I have called to cancel my appointment at least 24 hours in advance _____
