What do you hope to gain from your consultation? \_\_\_\_\_

---

I understand that this is for consultation assistance and that the Student Legal Services Advisor does not represent me beyond that purpose. I realize that if my legal issue cannot be resolved through an initial free consultation and free follow up consultation, I will be referred to an attorney who will charge a fee for providing legal services. I further understand that I cannot receive legal advice from the Legal Services Advisor on matters that involve disputes with TWU or with other students attending TWU. I state that I am a student at TWU and that I am not requesting advice on behalf of anyone else. I agree to these conditions and those stated on the Consumer Conditions and State Bar Notice form that I have reviewed. I accept the conditions and request an appointment.
