2015 TWU Libraries Survey

**Top 5 areas we do best**

- Willingness to help users
- Knowledgeable employees
- A comfortable and inviting location
- Print and/or electronic journal collections users require for their work
- Consistently courteous Employees

**5 areas we can improve**

- Food services in the library
- Adequate hours of service
- Easy-to-use access tools that allow me to find things on my own
- A library Web site enabling me to locate information on my own
- Modern equipment that lets me easily access needed information
2015 TWU Libraries Survey

Comments like these move us to tears of joy!

"It's been awhile since I've been in school and they educate me on all the latest things and get me up to speed! Great job!"
- Masters Student in Math/Comp Science

"The library is nice and very helpful in helping me focus on my studies and getting me through long and difficult assignments."
- First Year Student in Nursing

"Electronic services are excellent, especially for those of us who are "commuter students". I live in Arlington, so the ease of online research is significant."
- Doctoral Student in Sociology/Social Work

"The library on the campus in Denton is one of the best features of TWU! I greatly appreciate the personalized support that faculty members receive."
- Faculty Member in Women’s Studies

Comments like these help us help you better!

"I think it would be really nice if we had a coffee bar in the library. I don’t think that I would EVER want to leave then. Even if it was a small coffee bar, I think it and increase comfort of the students who study here."
- Third Year Student in History/Govt

"more service hours. Sometimes midnight is just not late enough, and then the early closings on weekends are not helpful."
- First Year Student in Health Sciences

"I usually attempt to obtain my peer reviewed journal articles/research from the library. It would be helpful if when these articles are requested the search only gives what I ask for and not such a broad selection involving more than I ask for. Thank you."
- Masters Student in Family Sciences
