Also, please describe or provide a link to program admissions policies that allow students to enter with credit for prior graduate work, and the expected implications for time to completion. Please indicate NA if not applicable:

Upon admission, transfer credit will be considered on a course-by-course basis by the Core Faculty

Documentation of the course(s) (e.g., course descriptions from graduate catalogues, syllabi, textbooks) for which students seek transfer credit must be submitted

Practicum credits from other universities will not be transferred

The Graduate School allows up to 50% of a doctoral program's coursework to be transfer credit.

Students entering with a Master's degree often obtain substantial transfer credit, typically reducing time to completion by 1 year.

## Licensure

Outcome	2007-2017
The total number of program graduates (doctoral degrees conferred on transcript) between 2 and 10 years ago	59
The number of these graduates (between 2 and 10 years ago) who became licensed psychologists in the past 10 years	41
Licensure percentage	69%

Note: Of those graduates who choose to pursue licensure, we have a 100% pass rate on the EPPP. Several graduates positions which do not require licensure (e.g. academic, industry/corporate) and several already possessed Master's level credentials and have chosen to continue to practice under those licenses.
