

Fixed Tuition Plan

Student ID: _____ Contact Number: _____

Name (Print): _____
Last First

Texas House Bill 29 requires public institutions of higher education to offer a fixed tuition price plan to incoming freshmen and transfer students. Texas Woman's University has established a Fixed Tuition Price Plan to offer eligible students beginning Fall 2014.

For eligible students electing to enroll in a Fixed Tuition Price Plan, TWU will agree not to increase **Board Designated Tuition** for up to the first 12 consecutive semesters that occur after the date of the student's initial enrollment in the plan. The **Fixed Designated Tuition** rate will be set as **approximately 9.5% more** than the corresponding rate for non-participating students. Additional designated tuition surcharges and fees are not included in the Fixed Tuition Price Plan.

***This form must be submitted to the Registrar's Office by the census date of your first semester of enrollment.**

Check One:

YES, I wish to participate in the Fixed Tuition Price Plan.

NO, I do not wish to participate in the Fixed Tuition Price Plan.

**Only for students who initially chose to participate and changed their mind prior to the census date of their first enrolled term at TWU.*

Expiration term lengths:

- **First-Time freshmen** are eligible for 12 consecutive semesters
- **Transfer with less than 30 credit hours** are eligible for 9 consecutive semesters
- **Transfers with 30 or more credit hours** are eligible for 6 consecutive semesters

Disqualified students will revert to the current standard tuition rate at the time of disqualification. Once the student is disqualified, the student will not be eligible to re-enroll in the Fixed Tuition Price Plan at a later date. The following are disqualifications from the plan:

- Any break in consecutive attendance, other than summer semester.
**Exceptions will be made for students who are called to military duty and reenroll at TWU within one semester of returning from active duty, excluding summers. Those students would be placed on the same cohort rate as when called to active duty.*
- Become eligible for any institutional, state, federal or other waiver, exemption, or discount of tuition and/or fees.
